City: Burlington

State: MA

Zip Code: 01803

SMH ID: Terrace Hall Ave Sewer Pump Station

Water Bodies and Municipalities Directly Affected: Burlington, Bedford, Billerica, Wilmington

Event Description: Per intermunicipal SOP with Woburn, when Woburn has an SSO in the sewer interceptor that Burlington sewer flows through, Burlington will bypass sewer flows at the Terrace Hall Ave Sewer Pump Station untreated into the Vine Brook to alleviate the magnitude of the SSO occurring in Woburn. This began at ~7:30PM on 12/18/23. It is unknown how long the event will occur. More updates will be made as required.

Event Start Date & Time: 12/18/2023 7:30PM

Is the Event Ongoing?: Yes

If No, Event Stop Date & Time:

Estimated Volume of SSO: ~1,000 GPM

Advisement: The discharge or overflow consists, or likely consists, of untreated or partially treated sewerage and waste. The public is advised to avoid contact with these water bodies for 48 hours after the discharge or overflow ceases due to increased health risks from bacteria and other pollutants.
