

Betty McDonough
Office Manager
Selectmen's/Town Administrator's Office
Town of Burlington
29 Center Street
Burlington, MA 01803

January 22, 2021

Dear Ms McDonough,

As requested by the Town of Burlington, I have reviewed the application by New Cingular Wireless PCS, LLC d/b/a AT&T for a small cell wireless installation on the public right-of-way. The application methodically steps through the small-cell application requirements and the design requirements of the Town of Burlington. There are responsive submissions for each criterion. This application appears complete.

Our review is for completeness of the application, which is not to be construed as acceptance of the accuracy or validity of any of the responses. Our opinion that the application is complete does not mean that the application must be approved. Upon closer inspection, the Town may find that additional information may be needed to clarify the evidence or that a response indicates non-compliance with a regulation.

Because the application is complete, the shot clock for review is not tolled. This letter provides a technical opinion that is not intended to be legal advice.

Yours truly,

David Maxson, WCP
